APPENDIX D –USA BOXING R&J MANAGEMENT SYSTEM

(For AIBA R&J QUALIFICATION MANAGEMENT SYSTEM - refer to AIBA Technical Rules)

Education – Clinics & Testing

The LBC Chief of Officials (COO)

Each LBC shall have a Chief of Officials, elected by the Local Boxing Committees' (LBC) registered officials. The Chief of Officials is responsible for overseeing officiating in the LBC. The Chief of Officials may divide the LBC into sub-district Chiefs of Officials with the recommendation of the president and approval by the LBC Board of Directors.

The responsibility of the COO is to recruit, train, assign, inform, and keep records of the LBC Officials, and update or verify match tracker for each LBC sanctioned event; along with enforcing the rules of competition to ensure the safety of the athletes and fair play. The COO should have administrative rights for USA Boxing Webpoint database to check registration, certification, and sanctions for all events.

Some LBCs are required by their State Boxing Commissions to adhere to the Commissions' rules and regulations, which may include specialized courses to ensure athletes' safety. Your LBC Leadership or USA Boxing staff will have that information.

Member Officials

Officials and non-athlete members who are responsible for and/or enforce USA Boxing policy, rules, regulations, etc., must be registered and certified. Registration includes annual background checks (members are charged bi-annually) and completion of SafeSport as required by the US Olympic Committee. Registration is for all individuals who are involved in local boxing programs; referees, judges, timekeepers, computer technicians, weigh masters, physicians, clerks, glove stewards, competition directors, administrators, draw masters, trainers, match makers, and coaches.

All certified officials are required to **have a passbook** with proof of registration and certification for all USA Boxing sanctioned events before they are allowed to work in any capacity. It's important that official passbooks reflect all work and participation; passbooks are checked at advancing tournaments and prior to elevation or testing for the next level.

Education/Clinics & Testing

The administrative requirements that each Official should be concerned with are: Registration, Certification, and Maintenance. Registration is required annually as of January 1.

Level I certification can be achieved in one of two ways: online or at a clinic. However, if the LBC Chief of Officials feels the new Level I should take an in-person clinic, even though they passed the online exam, the COO can instruct them to do so. Please refer to the new National Judges Pathway program later in this document.

Level II and Level III Officials may not certify online at this point in time. The Level I and Level II officials must attend an in-person clinic to elevate (from a I to a II) or recertify as a level II, every 2 years. The Level III official can only elevate to a Level III or maintain their Level III by testing at a national event every 2 years.

The standardized clinic material is on a PowerPoint presentation and is available to clinicians on USA Boxing's website (www.usaboxing.org). Familiarize yourself with the clinic information as it is updated and current.

Each LBC is REQUIRED to give at least 1 officials clinic per year, however the LBC should offer as many officials' clinics as necessary to keep their officials in compliance and informed.

Any LBC planning to conduct an Officials Clinic must request an **Officials Certification Clinic Control Number (OCN)** from USA Boxing (Membership Services) in order to conduct a valid officials' clinic. The clinic request form must be submitted at least one week in advance. It must be signed by both the LBC President and the LBC Chief of Officials. Under no circumstance shall an OCN be applied to more than one (1) certification clinic.

The Clinician must enter the OCN in:

- The Officials Passbook, (record of clinics, seminars, and testing).
- The Clinic Certification Transmittal Form which must be sent to Membership Services, USA Boxing.

The LBC Chief of Officials and the LBC President shall have a list of qualified clinicians to conduct clinics in the LBC. Qualified clinicians would be an AIBA Partner or another qualified official agreed upon by the President and COO.

The LBC COO should also participate in all coaches' clinics in the LBC.

One clinician is necessary to administer a certification clinic; however, a maximum of three (3) clinicians shall be granted credit for any individual certification clinic.

Certification clinics **shall not** be administered at regional or national tournaments.

The Level I and II test and key are available from the National Office once an OCN has been received. The Level III test and key are available through the Chair of the R/J Commission. These will only be given out to qualified clinicians for the level they are approved to administer. All tests and keys shall be kept under strict guardianship.

All Clinicians can give the Level I & II tests which will be available at the LBC Clinics.

An AIBA Partner shall give the Level III test (without a clinic). The Level III test will be given at the USA Boxing National Championships, National Junior Olympic Championships, and National Qualifier Tournaments Group Members who wish to have Level III testing at their national tournament must make a request to the Chairman of the R/J Commission, who in turn, will assign an AIBA Partner to administer the Level III test. The Group Member shall be responsible for all costs incurred by the examiner for food, travel and lodging. Level III officials must pass a Level III test every 2 years. Officials taking the Level III exam must have a completed Exam Admission Verification Form in order to test.

All levels of testing must be recorded in the Officials Passbook and signed by the clinician (record of clinics, seminars, and testing).

At each clinic and/or testing event an Officials' Sign-In Sheet should be used to document each individual's information, member #, address, phone, and e-mail.

Upon completion of a clinic and/or testing, the LBC COO must complete a Clinic Certification Transmittal. There are separate transmittal sheets for each level. These transmittal forms must be kept in the LBC COO's records and a copy must go to USA Boxing (Membership Services) within 10 days.

Each LBC Chief of Officials should keep orderly records of the Officials in their LBC. The LBC COO will need to keep track of each official's certification date, their level, what capacity they can work, and if they are registered for the current year. The LBC COO should also keep a directory of all LBC officials with addresses, phone numbers, and e-mail.

If a member of your LBC attends a certification clinic outside your LBC, the hosting clinician should send a copy of the Clinic Certification Transmittal to their LBC COO so their records can be updated. **Ask your officials to contact you when they attend clinics elsewhere to ensure all records are up to date.**

As your LBC officials obtain their Level II or III, they may choose to attend USA National competitions either as an invited official or on their own; in either case, an Officials Referral Form is required. COOs are advised to allow the officials the opportunity to attend these tournaments and should sign the forms along with the LBC President and encourage their officials' growth.

National Preparation and Certification Pathway for NEW USA Boxing Judges in all LBCs

1. Register with USA Boxing. This process includes a background check.
2. Familiarize yourself with the rules of USA Boxing:
 - The USA Boxing Rulebook can be read and downloaded at the following link:
www.teamusa.org/usa-boxing/rulebook/
 - The most up-to-date rules are available in the USA Boxing Officials' Commission PowerPoint: www.teamusa.org/USA-Boxing/Membership/For-Officials
 - A 15-minute video introduction to the 10-Point-Scoring System is available at: www.teamusa.org/USA-Boxing/Membership/ForOfficials/a
3. Attend a USA Boxing officials' certification clinic or log into your member profile in USA Boxing's Webpoint to take the online Level I Officials' exam
4. Shadow* experienced judges as instructed by the LBC's Chief of Officials (COO).
**Bouts shadowed prior to the registration and certification process may count towards the requirement. The LBC Chief of Officials evaluates every new official, and decides when they are able to work on their own, and in what capacity. The LBC COO may require attendance at an in-person official's clinic or workshop.*
5. Stay in contact with your LBC Chief of Officials regarding upcoming boxing events. Talk with your LBC COO about your interest and goals. You will receive a blue Officials' Passbook from your LBC Registration Chair that you must bring with you when you work as an official at any USA Boxing event.
6. With the approval of your LBC Chief of Officials, you are ready to officiate at USA Boxing events! For more information, watch the USA Boxing educational videos presented by members of the USA Boxing Officials Commission:
www.teamusa.org/USA-Boxing/Membership/For-Officials/a

Throughout this process, ask for feedback and advice from, and talk about officiating with, your LBC COO, event supervisors, and other certified USA Boxing officials. Look for mentors. Help recruit other people like you!
7. In summary, to become a USA Boxing judge, you must do the following: familiarize yourself with the rulebook, view the scoring system video, attend a clinic or certify online, and shadow experienced judges until the time your Chief of Officials deems you ready. Thank you for your interest in serving as a USA Boxing Judge.

APPENDIX I Developmental Bouts

USA BOXING DEVELOPMENTAL BOUTS PROGRAM

The purpose of this program is to expand our membership allowing boxers not quite ready for a real competitive match to get their feet wet and be in a comfortable situation.

The purpose of Developmental Bouts is to develop technical competence in boxers in order to prepare them for competition. Coaches and referees are to discourage boxers' aggression and heavy punching.

The guidance regarding Developmental Bouts is as follows:

1. Developmental Bouts may only be conducted as part of an event sanctioned by USA Boxing.
2. All Developmental Bouts must take place prior to competitive bouts.
3. Boxers are matched on age, weight, and experience. Boxers, their coaches, the event supervisor, and the sanction holder must approve Developmental Bouts.
4. Boxers participating in Developmental Bouts must be registered with USA Boxing.
5. Developmental Bout boxers must complete weigh-in, pre-bout physical, and post-bout physical.
6. Only registered boxers, who have had less than three (3) judged bouts, may participate in Developmental Bouts.
7. The ring announcer must clearly identify and announce the purpose of Developmental Bouts.
8. The referee must conduct the Developmental Bout as a competitive bout.
9. The Developmental Bout is entered in the decision section of the USA Boxing passbook as "Dev Bout."
10. Developmental Bout contests are limited to three (3) rounds of one (1) minute, with one (1) minute rest between rounds.

13. During Developmental Bouts, one (1) coach per corner must remain standing on the ring apron.
14. Judges may not score the bout. There is no decision. At the conclusion of the Developmental Bout, both boxers' hands are raised by the referee in the center of the ring.
15. A boxer may participate in a maximum of six (6) Developmental Bouts.
16. A boxer may revert to a Developmental Bout after having a competitive bout, but not once the boxer has had three (3) judged bouts.
